## SURVEY INSTRUCTIONS AND DEFINITIONS

### About the Survey:

The 2010 *International Graduate Admissions Survey, Phase II: Final Applications and Initial Offers of Admission* is being sent to all U.S. colleges and universities that are members of the Council of Graduate Schools (CGS) as of May 2010. The survey asks institutions to report the final numbers of completed applications for admission to graduate certificate and degree programs from prospective international students and the initial offers of admission granted to prospective international students. The three-part *International Graduate Admissions Survey* has been conducted annually by the Council of Graduate Schools (CGS) since 2004. Survey reports are available online at [www.cgsnet.org](http://www.cgsnet.org).

### Survey Instructions and Definitions (for question 4):

- The *Phase II* survey collects final data on completed applications, not applicants (i.e. counts of pieces of paper rather than counts of unique students). If a student applied to more than one graduate program, all of the individual applications should be counted and included in your survey data.
- Please provide data on offers of admission to prospective international students for fall 2009 and fall 2010 as of the same date each year. For example, if you provide data for fall 2009 offers of admission as of 6/5/09, provide fall 2010 offers of admission data as of 6/5/10. Since we are measuring changes in applications from year to year, it is important that we compare data from the same point in time each year. You may use a date other than June 5<sup>th</sup>, provided that you use the same month and day for each year.
- **Only report data for non-U.S. citizens on temporary visas.** Non-U.S. citizens are students or prospective students who are **not** citizens, nationals, or permanent residents of the United States. These individuals will be expected to be in the United States on a student visa, or on a temporary basis, and do **not** have the legal right to remain indefinitely. Students or prospective students born in Puerto Rico, Guam, the U.S. Virgin Islands, or other U.S. territories are considered citizens of the United States and thus should **not** be included in the survey data. Undocumented students (i.e. illegal aliens) should **not** be included in the survey data.
- Please provide data for all international students applying for admission or admitted to graduate certificate, master's degree, education specialist, and doctoral degree programs offered by **ALL** divisions, schools, colleges, or departments of your institution. Each institution should submit one survey combining the data from all divisions, schools, colleges, and/or departments.
- **Data to include:** Include data for all international students applying for admission or admitted to graduate certificate and degree programs. At the master's level, include data for all students applying for admission to all master of science (M.S.) and master of arts (M.A.) programs, as well as data for students applying for admission to other master's programs in such areas as business (e.g., M.B.A.), fine arts (e.g., M.F.A.), health sciences (e.g., M.P.H.), public administration (e.g., M.P.A.), public policy (e.g., M.P.P.), social work (e.g., M.S.W.), and other master's programs. At the doctoral level, include data for students applying for admission to all doctoral programs such as Ph.D., Ed.D., D.B.A., D.F.A., and Psy.D, among others. Include data for students applying for admission to graduate certificate programs (including post-baccalaureate and post-master's certificate programs) or other graduate programs (e.g., Ed.S.).
- **Data to exclude:** Do not include data for non-degree students or for visiting or exchange scholars. Do not include data for students applying for admission to undergraduate-level or first-professional degree programs. First-professional degree programs include Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and Veterinary Medicine (D.V.M.). Please note that this list of first-professional degree programs is comprehensive.
- When providing data for the "Select Countries/Regions of Origin" fields, only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The total of the numbers provided for the four countries/regions of origin will likely NOT equal the total provided in the "Non-U.S. Citizens" field, since the

“Non-U.S. Citizens” field includes applications from, and offers of admission to, students from ALL non-U.S. countries, not just the four listed under “Select Countries/Regions of Origin.”

- Middle East and Turkey includes: Bahrain, Cyprus, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestinian Authority, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, and Yemen.
- China refers to the People’s Republic of China (i.e. mainland China) and excludes Hong Kong, Macau, Taiwan, etc.
- When providing data for the “Field of Study” section, only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The total of the numbers provided for the eight fields of study SHOULD equal the total provided in the “Non-U.S. Citizens” field. As a reminder, the *Phase II* survey collects data on applications, not applicants. If a student applied to graduate programs in more than one broad field, all of the applications should be counted and included in your survey data, in both the “Field of Study” section and the total “Non-U.S. Citizens” field.
- The survey taxonomy and two CIP crosswalks are included on pages 5-8. Please note that the taxonomy is based on the taxonomy used for the annual *CGS/GRE Survey of Graduate Enrollment and Degrees*.
- When completing the survey, please enter a “0” (zero) in fields when appropriate, e.g., when no international students in that field of study or from that country/region have applied for admission, or if your institution does not offer programs in a certain field of study. Fields should be left blank only when data are not available.
- As a courtesy, we have provided data for 2009 to institutions that responded to the *Phase II* survey last year. This information is intended to reduce your response burden and to serve as a guide for completing the survey. Please do not key your 2010 data into the table included in the e-mail. Rather, key your 2009 data into the electronic form for 2010, updating any numbers revised since submission last year, and adding your new data for 2010.
- **Submission instructions:** After filling in all fields, please click the “Submit by E-mail” button at the bottom of page two. A new window will appear in your e-mail application (e.g., Outlook) addressed to CGS staff member Josh Mahler, with the completed survey form attached as an .xml document. Hit the “send” button in your e-mail application to submit your survey. We prefer to receive the survey data electronically, but if you are unable to submit by e-mail, please print the completed form and fax it to 202-331-7157.
- **Confirmation of receipt:** Within two business days of electronic submission you will receive e-mail verification from CGS that your survey was successfully submitted. If you do not receive this e-mail confirmation, please contact Josh Mahler at [jmahler@cgs.nche.edu](mailto:jmahler@cgs.nche.edu) or (202) 461-3862.
- **The survey response deadline is Friday, July 16, 2010.**
- **Contact information:** If you have problems submitting your survey electronically, please contact Josh Mahler at [jmahler@cgs.nche.edu](mailto:jmahler@cgs.nche.edu) or (202) 461-3862. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at [nbell@cgs.nche.edu](mailto:nbell@cgs.nche.edu) or (202) 461-3886.
