Our chief vehicle for obtaining this information is this annual *Pressing Issues Survey*. Please list briefly the three most important/pressing issues or challenges now on your desk. Please list only one issue/challenge per box.

SURVEY INSTRUCTIONS AND DEFINITIONS

About the Survey:

The 2011 CGS *International Graduate Admissions Survey, Phase I: Applications* is being sent to all U.S. colleges and universities that are members of the Council of Graduate Schools (CGS) as of January 2011 in order to provide an initial snapshot of graduate school applications for fall 2011. The survey asks institutions to report the numbers of applications for admission to graduate certificate and degree programs from prospective international students. The three-part *International Graduate Admissions Survey* has been conducted annually by CGS since 2004. Survey reports are available online at www.cgsnet.org.

Confidentiality:

All data and information submitted for the *CGS International Graduate Admissions Survey* will be treated as confidential and will only be used for research or statistical purposes by CGS. Any information released publicly will be in a format that does not allow the identification of institutions or the personal identification of students. All survey data are stored on a secure, password-protected server, and access to the raw survey data is restricted to those individuals directly involved in the data collection and analysis. Participation in the *CGS International Graduate Admissions Survey* is voluntary.

Survey Instructions and Definitions (for Question 5):

- Please provide international applications data for fall 2010 and fall 2011 as of the same date each year. For example, if you provide data for fall 2010 applications as of 2/15/10, provide fall 2011 applications data as of 2/15/11. Since we are measuring changes in applications from year to year, it is important that we compare data from the same point in time each year.
- **Only report data for non-U.S. citizens on temporary visas.** Non-U.S. citizens are students or prospective students who are not citizens, nationals, or permanent residents of the United States. These individuals will be expected to be in the United States on a student visa, or on a temporary basis, and do not have the legal right to remain indefinitely. Students or prospective students from Puerto Rico, Guam, the U.S. Virgin Islands, or other U.S. territories are considered citizens of the United States and thus should not be included in the survey data. Undocumented students (i.e. illegal aliens) should not be included in the survey data.
- The Phase I survey collects data on applications, not applicants. If a student applied to more than one graduate program both applications should be counted and included in your survey data.
- Please provide data for all international students applying for admission to graduate certificate, master's degree, education specialist, and doctoral degree programs offered by **ALL** divisions, schools, colleges, or departments of your institution. Each institution should submit one survey combining the data from all divisions, schools, colleges, and/or departments.
- **Data to include:** Include data for all graduate certificate and degree programs. At the master's level, include data for all students applying for admission to all master of science (M.S.) and master of arts (M.A.) programs, as well as data for students applying for admission to other master's programs in such areas as business (e.g., M.B.A.), fine arts (e.g., M.F.A.), health sciences (e.g., M.P.H.), public administration (e.g., M.P.A.), public policy (e.g., M.P.P.), social work (e.g., M.S.W.), and other master's programs. At the doctoral level, include data for students applying for admission to all doctoral programs such as Ph.D., Ed.D., D.B.A., D.F.A., and Psy.D, among others. Include data for students applying for admission to graduate certificate programs (including post-baccalaureate and post-master's certificate programs) or other graduate programs (e.g., Ed.S.).
- **Data to exclude:** Do not include data for non-degree students or for visiting or exchange scholars. Do not include data for students applying for admission to undergraduate-level or first-professional degree programs. First-professional degree programs include Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and

Veterinary Medicine (D.V.M.). Please note that this list of first-professional degree programs is comprehensive. Data for all other professional programs, including business and all health-related fields not listed above (e.g. D.P.T. and D.N.P.), should be included in your survey data.

- When providing data for the “Select Countries/Regions of Origin” fields, only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The total of the numbers provided for the four countries/regions of origin will likely NOT equal the total provided in the “Non-U.S. Citizens” field, since the “Non-U.S. Citizens” field includes applications from students from ALL non-U.S. countries, not just the four listed under “Select Countries/Regions of Origin.”
- Middle East and Turkey includes: Bahrain, Cyprus, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestinian Authority, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, and Yemen.
- China refers to the People’s Republic of China (i.e. mainland China) and excludes Hong Kong, Macau, Taiwan, etc.
- When providing data for the “Field of Study” section, only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The total of the numbers provided for the eight fields of study SHOULD equal the total provided in the “Non-U.S. Citizens” field. As a reminder, the Phase I survey collects data on applications, not applicants. If a student applied to graduate programs in more than one broad field, both applications should be counted and included in your survey data, in both the “Field of Study” section and the total “Non-U.S. Citizens” field.
- The survey taxonomy and CIP crosswalks are included on pages 6-9. Please note that the taxonomy is based on the taxonomy used for the annual *CGS/GRE Survey of Graduate Enrollment and Degrees*.
- When completing the survey, please enter a “0” (zero) in fields when appropriate, e.g., when no international students in that field of study or from that country/region have applied for admission, or if your institution does not offer programs in a certain field of study. Fields should be left blank only when data are not available.
- As a courtesy, we have provided data for 2010 to institutions that responded to the Phase I survey last year. This information is intended to reduce your response burden and to serve as a guide for completing the survey. Please do not key your 2011 data into the table included in the e-mail. Rather, key your 2010 data into the electronic form for 2011, updating any numbers revised since submission last year, and adding your new data for 2011.
- **Submission instructions:** After filling in all fields, please click the “Submit by E-mail” button on page two. A new window will appear in your e-mail application (e.g., Outlook) addressed to CGS staff member Josh Mahler, with the completed survey form attached as an .xml document. Hit the “send” button in your e-mail application to submit your survey. We prefer to receive the survey data electronically, but if you are unable to submit by e-mail, please print the completed form and fax it to 202-331-7157.
- **Confirmation of receipt:** Within two business days of electronic submission you will receive e-mail verification from CGS that your survey was successfully submitted. If you do not receive this e-mail confirmation, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862.
- **The survey response deadline is Friday, February 25, 2011.**
- **Contact information:** If you have problems submitting your survey electronically, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at nbell@cgs.nche.edu or (202) 461-3886.
