

**2012 CGS International Graduate Admissions Survey, Phase II:
Final Applications and Initial Offers of Admission**

Institution Name: _____

Name of Individual Completing the Survey: _____

Phone Number: _____ E-mail: _____

A. Please provide the *final* number of applications received by your graduate school from prospective international students for Fall 2011 and Fall 2012. In addition, please provide the number of offers of admission granted to prospective international graduate students for Fall 2011 and Fall 2012 *as of June 5th or the same date each year*. See pages 4-10 for instructions, definitions and taxonomy.

I. Total Non-U.S. Citizens		2011	2012
Total Non-U.S. Citizens (see definition on page 4)	Applications		
	Offers of Admission		

II. Non-U.S. Citizens from Select Countries/Regions of Origin		2011	2012
Countries (see definitions on page 5)			
China	Applications		
	Offers of Admission		
India	Applications		
	Offers of Admission		
South Korea	Applications		
	Offers of Admission		
Taiwan	Applications		
	Offers of Admission		
Canada	Applications		
	Offers of Admission		
Mexico	Applications		
	Offers of Admission		
Brazil	Applications		
	Offers of Admission		

(Continued on the following page.)

Regions (see definitions on page 5)			
Africa	Applications		
	Offers of Admission		
Europe	Applications		
	Offers of Admission		
Middle East	Applications		
	Offers of Admission		

III. Total Non-U.S. Citizens by Field of Study (see definitions on page 5)		2011	2012
Arts & Humanities	Applications		
	Offers of Admission		
Business	Applications		
	Offers of Admission		
Education	Applications		
	Offers of Admission		
Engineering	Applications		
	Offers of Admission		
Life Sciences	Applications		
	Offers of Admission		
Physical and Earth Sciences (including Math & Computer Sci.)	Applications		
	Offers of Admission		
Social Sciences & Psychology	Applications		
	Offers of Admission		
Other Fields	Applications		
	Offers of Admission		

B. As part of CGS' on-going effort to measure the scope of internationalization in U.S. graduate programs, please provide data on international joint and dual degree programs, exchanges (study abroad), and research collaborations. For the following questions, please use the standardized definitions provided below (even if your institution uses different definitions):

International joint degree program: Students study at two or more institutions and upon completion of the program receive a single diploma representing work completed at two or more institutions.

International dual (or double) degree program: Students study at two or more institutions and upon completion of the program receive a separate diploma from each of the participating institutions.

International exchange (study abroad) program: Students study abroad for academic credit, with the length of study abroad typically ranging from a few weeks to one year.

International research collaborations (with foreign travel): Students engage in collaborative research with individuals located outside the United States, with at least some travel to the foreign country required.

International research collaborations (without foreign travel): Students engage in collaborative research with individuals located outside the United States, with no travel to the foreign country required.

(Continued on the following page.)

1. How many joint and dual master’s and doctoral degree programs of each type does your institution currently have with an international partner institution?

Degree Level and Degree Type		Broad Field of Study			
		Business	Engineering	Other Research Degree	Other non-Research (i.e., Professional) Degree
Master’s	International Joint Degrees				
	International Dual Degrees				
Doctoral	International Joint Degrees				
	International Dual Degrees				

2. Does your institution (or your graduate school) maintain a centralized database in which you track the number of graduate students at your institution who are participating in the following types of international experiences?

	Yes	No	Comments?
International Joint Degrees	<input type="radio"/>	<input checked="" type="radio"/>	
International Dual Degrees	<input type="radio"/>	<input checked="" type="radio"/>	
International Exchange (Study Abroad) Programs	<input type="radio"/>	<input checked="" type="radio"/>	
International Research Collaborations (<u>with</u> foreign travel)	<input type="radio"/>	<input checked="" type="radio"/>	
International Research Collaborations (<u>without</u> foreign travel)	<input type="radio"/>	<input checked="" type="radio"/>	

3. What data are lacking at your institution to measure the scope and quality of internationalization in your graduate programs?

4. Please indicate the major factors that you feel may positively or negatively impact prospective U.S. and international applications to your institution’s graduate programs for *Fall 2013*.

Please submit your survey by Friday, July 13, 2012. Click the “Submit by E-mail” button below to send your completed survey to CGS.

Submit by Email

Questions?

If you have problems submitting your survey electronically, please contact Josh Mahler at (202) 461-3862 or jmahler@cgs.nche.edu. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at (202) 461-3886 or nbell@cgs.nche.edu.

SURVEY INSTRUCTIONS AND DEFINITIONS

About the Survey:

The 2012 CGS International Graduate Admissions Survey, Phase II: Final Applications and Initial Offers of Admission is being sent to all U.S. colleges and universities that are members of the Council of Graduate Schools (CGS) as of May 2012. The survey asks institutions to report the final numbers of completed applications for admission to graduate certificate and graduate degree programs from prospective international students and the initial offers of admission granted to prospective international students. The three-part *International Graduate Admissions Survey* has been conducted annually by the CGS since 2004. Survey reports are available online at www.cgsnet.org.

Confidentiality:

All data and information submitted for the *CGS International Graduate Admissions Survey* will be treated as confidential and will only be used for research or statistical purposes by CGS. Any information released publicly will be in a format that does not allow the identification of institutions or the personal identification of students. All survey data are stored on a secure, password-protected server, and access to the raw survey data is restricted to those individuals directly involved in the data collection and analysis. Participation in the *CGS International Graduate Admissions Survey* is voluntary.

Survey Instructions and Definitions (for Part A):

- **Applications:** The *Phase II* survey collects final data on completed applications, not applicants (i.e., counts of pieces of paper rather than counts of unique students). If a student applied to more than one graduate program, all of the individual applications should be counted and included in your survey data. Include data for all individuals who have fulfilled your institution's requirements to be considered for admission, including payment or waiving of the application fee, if any.
- **Offers of admission:** Please provide data on offers of admission to prospective international students for fall 2011 and fall 2012 as of the same date each year. For example, if you provide data for fall 2011 offers of admission as of 6/5/11, provide fall 2012 offers of admission data as of 6/5/12. Since we are measuring changes in offers of admission from year to year, it is important that we compare data from the same point in time each year. You may use a date other than June 5th, provided that you use the same month and day for each year.
- **Only report data for non-U.S. citizens on temporary visas.** Non-U.S. citizens are students or prospective students who are not citizens, nationals, or permanent residents of the United States. These individuals will be expected to be in the United States on a student visa, or on a temporary basis, and do not have the legal right to remain indefinitely. Students or prospective students from Puerto Rico, Guam, the U.S. Virgin Islands, or other U.S. territories are considered citizens of the United States and thus should not be included in the survey data. Undocumented students (i.e. illegal aliens) should not be included in the survey data.
- When providing data for Section I, "Total Non-U.S. Citizens," include non-U.S. citizens on temporary visas from **all** countries and regions of origin, not just those listed in Section II.
- Please provide data for all international students applying for admission or admitted to graduate certificate, master's degree, education specialist, and doctoral degree programs offered by **ALL** divisions, schools, colleges, or departments of your institution. See the next two bullets for the programs to include and those that should be excluded. Each institution should submit one survey combining the data from all divisions, schools, colleges, and/or departments.
- **Data to include:** Include data for all international students applying for admission or admitted to graduate certificate and degree programs. At the master's level, include data for all students applying for admission or admitted to all master of science (M.S.) and master of arts (M.A.) programs, as well as data for students applying for admission or admitted to other master's programs in such areas as business (e.g., M.B.A.), fine arts (e.g., M.F.A.), health sciences (e.g., M.P.H.), public administration (e.g., M.P.A.), public policy (e.g.,

M.P.P.), and social work (e.g., M.S.W.), among other master's programs. At the doctoral level, include data for students applying for admission or admitted to all doctoral programs such as Ph.D., Ed.D., D.B.A., D.F.A., and Psy.D, among others. Include data for students applying for admission or admitted to graduate certificate programs (including post-baccalaureate and post-master's certificate programs) or other graduate programs (e.g., Ed.S.).

- **Data to exclude:** Do not include data for non-degree students or for visiting or exchange scholars. Do not include data for students applying for admission or admitted to undergraduate-level or first-professional degree programs. First-professional degree programs include Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and Veterinary Medicine (D.V.M.). Please note that this list of first-professional degree programs is comprehensive. Data for all other professional programs, including business and all health-related fields not listed above (e.g. D.P.T. and D.N.P.), should be included in your survey data.
- When providing data for Section II, "Non-U.S. Citizens from Select Countries/Regions of Origin," only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The sum of the numbers provided for the ten countries/regions of origin will likely NOT equal the total provided in Section I, "Total Non-U.S. Citizens," since Section I includes applications from and offers of admission to students from **all** countries and regions of origin, not just the ten listed in Section II.
- **China** refers to the People's Republic of China (i.e. mainland China) and excludes Hong Kong, Macau, Taiwan, etc.
- **Africa** includes Algeria, Angola, Benin, Botswana, Burkina Faso, Burundi, Cameroon, Cape Verde, Central African Republic, Chad, Comoros, Côte d'Ivoire (Ivory Coast), Democratic Republic of the Congo (formerly Zaire), Djibouti, Egypt, Eritrea, Equatorial Guinea, Ethiopia, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Lesotho, Liberia, Libya, Madagascar, Malawi, Mali, Mauritania, Mauritius, Morocco, Mozambique, Namibia, Niger, Nigeria, Republic of the Congo, Réunion, Rwanda, Sahrawi Arab Democratic Republic, Saint Helena, São Tomé and Príncipe, Senegal, Seychelles, Sierra Leone, Somalia, South Africa, South Sudan, Sudan, Swaziland, Tanzania, Togo, Tunisia, Uganda, Zambia, and Zimbabwe.
- **Europe** includes: Albania, Andorra, Armenia, Austria, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Gibraltar, Greece, Hungary, Iceland, Ireland, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Malta, Moldova, Monaco, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Russia, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine, United Kingdom, and Vatican City. **NOTE:** Do not include data for Kazakhstan with Europe.
- **Middle East** includes: Bahrain, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestinian Authority, Qatar, Saudi Arabia, Syria, United Arab Emirates, and Yemen. **NOTE:** Prior to 2012, data for students from Cyprus and Turkey were included with this region, but starting in 2012, those data should be reported with the data for Europe.
- When providing data for Section III, "Total Non-U.S. Citizens by Field of Study," only include graduate-level data for non-U.S. citizens on temporary visas. **NOTE:** The sum of the numbers provided for the eight fields of study SHOULD equal the total provided in Section I, "Total Non-U.S. Citizens." As a reminder, the *Phase II* survey collects data on applications, not applicants. If a student applied to graduate programs in more than one broad field, both applications should be counted and included in your survey data, in both Section I and Section III.
- The survey taxonomy and CIP crosswalk are included on pages 7-10. Please note that the taxonomy is based on the taxonomy used for the annual *CGS/GRE Survey of Graduate Enrollment and Degrees*.
- When completing the survey, please enter a "0" (zero) in fields when appropriate, e.g., when no international students in that field of study or from that country/region have applied for admission or were offered admission, or if your institution does not offer programs in a certain field of study. Fields should be left blank only when data are not available.

- As a courtesy, we have provided data for 2011 to institutions that responded to the *Phase II* survey last year. This information is intended to reduce your response burden and to serve as a guide for completing the survey. Please do not key your 2012 data into the table included in the e-mail. Rather, key your 2011 data into the electronic form for 2012, updating any numbers revised since submission last year, and adding your new data for 2012.
- **Submission instructions:** After filling in all fields, please click the “Submit by E-mail” button on page two. A new window will appear in your e-mail application (e.g., Outlook) addressed to CGS staff member Josh Mahler, with the completed survey form attached as a .pdf document. Hit the “send” button in your e-mail application to submit your survey. We prefer to receive the survey data electronically, but if you are unable to submit by e-mail, please print the completed form and fax it to 202-331-7157.
- **Confirmation of receipt:** Within two business days of electronic submission you will receive e-mail verification from CGS that your survey was successfully submitted. If you do not receive this e-mail confirmation, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862.
- **The survey response deadline is Friday, July 13, 2012.**
- **Contact information:** If you have problems submitting your survey electronically, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at nbell@cgs.nche.edu or (202) 461-3886.
