Understanding Challenges and Impacts of Caregiving: Supporting Students at a Time of Transition

2021 CGS Annual Meeting
Friday, December 3, 4:00-5:00 pm
Support for Graduate Caregivers at University of Michigan

Mike Solomon, Rackham Graduate School

Concurrent Session: Understanding Challenges and Impacts of Caregiving: Supporting Students at a Time of Transition

CGS Annual Meeting
December 3, 2021
Institutional Context

• All campus graduate and professional enrollment is about 18,000.

• Rackham Graduate School is home to research-based master’s degrees and all doctoral programs; home to about 100 master’s and 100 doctoral programs.

• From the Michigan Doctoral Experience Survey, an estimated 3-4% of doctoral students are parents (~175-225 students).

• The graduate school offers programs and services to support graduate education and the graduate student experience.

• U-M has signed the Okanagan Charter; it is supporting graduate student mental health & well being through the work of a standing committee.
Benefits Support for Caregivers: Child Care Subsidy

• A need-based award administered centrally by the U-M Office of Financial Aid. Students must demonstrate need based on the Expected Family Contribution, existing financial aid, and the cost of attendance.

• 2021–2022 Maximums
  • For one child, the maximum is $3,118 per term.
  • For two children, the maximum is $4,572 per term.
  • For three or more children, award maximum is $6,028 per term.

**Academic Year 2019**
Terms of subsidy received by Rackham students: 325
Average amount received per term: $3,186

**Academic Year 2020**
Terms of subsidy received by Rackham students: 299
Average amount received per term: $3,167
Benefits Support for Caregivers: GradCare

- Doctoral students receive full funding during fall and winter academic terms; spring/summer support depends on discipline.
- Full funding includes stipend, benefits, and tuition.
- Benefits include GradCare, an HMO plan for benefits-eligible graduate students, including graduate employees (GSRA, GSI, and GSSA) and doctoral fellowship recipients.
- GradCare covers 100% of pre-natal, delivery, post-natal, and well child care; dependent care is covered; coverage continues through spring/summer
- Other students, such as master’s students, are eligible for a student plan that complies with the Affordable Care Act (about $2,000/annually)
Academic Policies That Support Caregivers

Leave of Absence Policy

• Eligible doctoral students may take a semester by semester leave for urgent family necessity or care for dependents.

• About 15 students initiate a family care LOA per year; about one-third are for one term, one-half are for one year, and the balance are longer (a leave of up to two years is allowed).

• In partnership with the Center for the Education of Women (CEW+) we provide support for health insurance fees for student parents who are experiencing financial hardship.
Academic Policies That Support Caregivers

Parental Accommodation Policy

• Provides 6–8 weeks of time away from active study immediately following a birth or the adoption of a young child.
• Full-time student status and associated benefits are retained.
• An additional year is added to normative time to degree.
Research and Professional Support for Caregivers (in Partnership with CEW+)

**Graduate Student Professional Travel with Children Grant (up to $750):** Rackham student parents traveling with small children (under the age of 6) while attending conferences, workshops, meetings, or other academic events related to research or professional development. (About 25 applications/year)

**Postdoctoral Professional Travel with Children Grant (up to $750):** travel expenses for children under the age of 6 who accompany a postdoctoral parent to a professional meeting. (About 10 applications/year)

**Emergency Funds:** Although funds are available to all students, for student parents, there are often additional complexities. During the spring/summer 2021 term, CEW+ partnered with Rackham to expand eligibility for emergency fund support to include expenses incurred for unlicensed child-care.
Structural and Programmatic Supports (in Partnership with CEW+)

- Student Caregiver Resource Page
- Participation and support of CEW+ working groups, including Student Caregiver Excellence Committee
- Avenues for the Graduate Student Parents and Caregivers (GSPaC) group to engage with the Student Caregiver Excellence Committee
- Student Parent/Caregiver Survey
- Rackham Student Parent Facebook Group
Current Programs and Future Needs

• Availability of Support for Unlicensed Child Care
• Student Life Academic Notifications Process used to address needs of student parents
• Priority Registration
• Reserved Spaces and Funding for Student Parents at U-M Child Care Centers
• Syllabus Statement

Graduate Parent Support

Future Plans

“Parenting in Academia” 1-day conference
— based on the book by Crawford & Windsor

Mentorship cohorts based on our successful Tide Together model
— match incoming graduate parents with a faculty parent and a more experienced student parent, perhaps with children all around the same age.
02 Tide Timeout
TIDE TIMEOUT

- Mental Health initiative targeted to the particular needs of graduate students, in partnership with Counseling Center
- Mission: to help students
  - Seek and receive support through campus resources
  - Learn essential wellness skills
  - Apply sound and sustainable mental health principles in order to live a full life
TIDE TIMEOUT TOPICS

01 Mental Health/Coping with Change

02 Financial Wellness During a Pandemic

03 Empowering the Underrepresented Graduate Student

04 Imposter Syndrome

05 Healthy Relationships

06 Stress Management and Positive Psychology

- Skill #3: How to Develop a Daily Writing Practice
- Skill #4: Mastering Academic Time Management
- Skill #5: Moving from Resistance to Writing
- Skill #6: The Art of Saying "No"
- Skill #7: Cultivating Your Network of Mentors & Sponsors
- Skill #8: Overcoming Academic Perfectionism
- Skill #9: Engaging in Healthy Conflict
- Skill #10: Strategies for Dealing with Stress & Rejection
NCFDD

1. Strategic Planning
Learn how to plan your academic year, each term, and your weekly schedule in a way that is aligned with your tenure and promotion criteria.

4. Work-Life Balance
Learn how to reduce your stress, increase your self-care, and find balance in your professional and personal life.

2. Explosive Productivity
Learn the skills that will help you to publish more research, win more grants, and manage your internal resistance to writing.

3. Healthy Relationships
Learn how to manage your professional relationships and build a thriving network of mentors, sponsors, and collaborators.
Overarching Goal of Programming and Support
Programming and Support Goals

01 Create a more inclusive, supportive structure and campus environment for graduate education at UA

02 360-degree approach to student support

03 Ensuring full and equitable access to care and resources

TELEHEALTH SERVICES FOR STUDENTS

COLLEGE OF HEALTH SCIENCES
APPLIED PSYCHOLOGICAL SERVICES CLINIC
LATASHA NORMAN CENTER FOR COUNSELING SERVICES
University Developing Telehealth Hub to Tackle Racial Health Disparities

The WK Kellogg Foundation has funded Jackson State University’s mission to address racial health disparities through a telehealth hub.

The telehealth hub will consist of three phases.

In phase one, which is funded by the WK Kellogg Foundation grant, public health experts from JSU will conduct collaborative research to understand how to use telehealth and the challenges that accompany it. Officials say they will work to earn the trust of the community during this phase as well.

In phase two, the researchers will partner with other research institutions, technology companies, healthcare systems, and community organizers to raise awareness of health disparities and social challenges. These organizations will also assist in designing digital health solutions for the hub that will address health inequities.

In the third and final phase, JSU researchers will employ those solutions and innovations in their communities, aiming to tackle racial health disparities and improve health outcomes for communities of color.
Latasha Norman Center Services/Programs

- Individual and Group Counseling
- Couples and Family Counseling
- Faculty/Staff Consultation
- In-Service Training for Campus Community
- On-Call Crisis Staff
- Classroom and Residential Life Outreach Presentations
- Annual Domestic Violence Forum – Month of October
- Annual Run/Walk Event – 2nd Saturday in November
- Annual Health Fair – Month of March
Latasha Norman Center Services/Programs

Self-help

Some individuals are unsure about engaging in the counseling process or may not have the time to commit to it. Self-help resources serve as tools that students, faculty, and staff can access in order to learn more about different mental health concerns and how to cope with them. These resources are available 24/7.

Depression

Services offered in the clinic will be as follows:

- Psychological Assessments: Intellectual/Cognitive, Neuropsychological, Behavioral, Psychophysiological, Psychoeducational
- Psychological Interventions: Individual Therapy, Group, and Family
- Consultations to Community Service Agencies and Local Schools, and Government Entities
- Assistance with Trauma/Anxiety

Note: Licensed Psychologists will supervise the services provided by doctoral students in the clinic.

Fee for Services
At present, services are assessed based on a sliding fee scale. There is no charge to JSU students.
