Philanthropic Giving in America declined an estimated -3.6% in 2009 (-3.2% adjusted for inflation) to an estimated $303.75 billion. The steepest decline in current dollar terms since Giving USA began its annual report in 1956.

By the Numbers

In a 2009 review of 1,027 universities and colleges, giving plummeted 11.9 percent, according to data compiled by the Council for Aid to Education.

Only an approximate six in ten Education donors (58%) plan to give the same amount this year as last. 30% plan to give less and only one in ten plan to give more.

Multi-Year Pledges are down due to long-term uncertainty.
Good News...

Although giving fell for many educational institutions in the past few years, the number of donors has increased.

Long term, this is a good sign as increasing the number of donors broadens the opportunity to cultivate more prospects for future major gifts and bequests.

The Fundraising Process

✓ IDENTIFICATION: Who are your prospects
✓ CULTIVATION: Involve your prospects
✓ SOLICITATION: Turning your prospects into donors
✓ STEWARDSHIP – keeping your donors engaged, happy and renewing their gifts!
Fundraising Process – A New Direction

• Donor Commitment Continuum – thinking instead of the donor’s emotional connection to the mission of the organization

Show Your Commitment

Annual gifts to the Laney Graduate School can help graduate students like you by providing critical program, fellowship, or emergency loan support.

Even small gifts—when combined with support from many others—can make a tremendous difference.

Alumni Outreach

• Correspondence
• Events
  Local Chapter Events
  Holiday Parties
  Dean’s Events
• Speaking Engagements
• E-Communication
• Website – Blogs & News
Annual Giving

• Renewable
• Unrestricted
• Solicited for current use
• Non-major gifts – typically smaller gifts

Remember – Alumni outreach and Annual Giving are not mutually exclusive – all communication should provide an opportunity for alumni to give.
Annual Giving Methods

- Direct Mail
- Telemarketing
- E-Philanthropy
- Events
- Memberships (Museums)
II. Involvement

- Student engagement
- Alumni engagement
- Involving prospects in research/mission
- Volunteer engagement
- Boards, committees
Setting Priorities

• Case for giving
• Additional information from other schools/unit
• Collaboration
Development is about **RELATIONSHIPS**

not

a quick one-time gift
The Cultivation Ladder

- Personal Visit
- Personal letter w/follow-up phone call
- Small Group Visit
- Handwritten Letter
- Personal Visit
- Personal Phone Call
- Events
- Mass Mail
- Telemarketing
Meaningful Cultivation

• Active engagement with goal of major gift
• May take 1-2 years
• Combination of visits, phone, e-mail etc…
• Find common interests
• Encourage involvement and education
• **LISTEN** then respond
• Be willing to make tough decisions
• Beware of perpetual cultivation!!!
Donor Motivation

• People are motivated to give for their own reasons and they are not always obvious
• A primary motivator of donor giving is a deeply-held yearning to make a difference
• Life changing experiences may be positive or negative and these often contribute to donor motivation
Two Key Tactics for Donor Development

• Create engagement activities to help donors move to the right of the Donor Commitment Continuum

• Connect the donor to one or more life changing events in his/her life
III. Investment

• Don’t make assumptions Just because someone has wealth does not necessarily mean they are philanthropic
• Relationship are key – not everyone makes a gift in his/her name
• There is no such thing as “my donor”
Ready to Solicit

• Is this the highest and best ask?
• How can we raise sights?
  – Using proper assets
  – Using the tools of planned giving
• Internal vetting and approval of the proposed ask
  – Other development officers, naming, program relevance/priority
• Arrive at a mutual comfort level
• Set specific sights of gift importance and size
• Prepare the solicitors as much as the prospect!!!
The Ask

• Always prepare a proposal (even if it’s not presented)
• Tailor your ask to the individual
• Always sufficiently prepare the prospect to be asked
• Share your plans with your colleagues
• Pick an suitable setting
• Always log your visits/solicitations in a contact report – historical information is vital for long-term relationships
How a Dean/Director Can Maximize Fundraising Effectiveness
