Supporting Mental Health and Wellbeing for Graduate Students: A Statement of Principles and Commitments of Graduate Deans

Based on a project supported by:

[Logos of CGS, JED, Alfred P. Sloan Foundation, and Andrew W. Mellon Foundation]
Vision: A graduate education system that supports the academic success and wellbeing of all students.

- Values
- Principles
- Commitments
- Accountability
Commitments of Dean Signatories

1. Support the creation and institutionalization of a campus-wide consultative body that works on strategy and planning related to mental health and/or wellbeing of graduate students with a robust representation of various campus stakeholders.

2. Include explicit reference of support for graduate student mental health and wellbeing in the campus student health framework.
Commitments of Dean Signatories

3. Develop and implement a process to periodically assess graduate students’ support needs or assure that any existing surveys address these issues.

4. Develop and implement a plan to communicate to graduate program directors and graduate faculty about available campus resources and policies at the beginning of each academic term or assure that existing communication strategies include this information.
5. Develop and implement a plan to communicate to all graduate students about graduate student mental health and wellbeing and information about available campus resources and policies at least once during each academic term or assure that existing communication strategies include this information.
University of Missouri
Mental Health Support for Graduate Students

Engaging Students
- GPC Priority
- Communication (e.g., newsletter, social)
- Student Focus Groups
- GradEssentials/IDP

Stakeholder Buy-in
- Stakeholder Focus Groups
- Allyship (e.g., Counseling Center, Student Affairs)
- GSE Survey – Data Sharing
- COVID

Improving Mentorship
- Strategic Mentor Training Planning
- Graduate Faculty Workshops
- Introduction of Multiple Mentor Models
# App State Mental Health Support for Graduate Students

## Readily available, easily accessible resources
- Weekly email newsletter
- Virtual Graduate Student Life Center
- TrailNet - online 24/7/365 support platform
- On-Demand Workshops
- Opt-In email campaigns - e.g. Self-Care, Resilience
- *Trails to Success* Summit Institute

## Strategic partnerships
- Graduate Student Life Advisory Board
- Graduate student workshop offerings through partnerships with the Office of Human Resources, Wellness and Prevention Services, Counseling and Psychological Services
- Presentations to NC Deans Meeting, Provost Council and Program Directors

## Plans for mentoring campaign
- Mentorship training for program directors
- Identification and training of mentors within programs
- Identification of mentees within programs and assessment of needs

A Framework on Graduate Student Mental Health:
The Villanova Experience So Far

• Engaging Students?
  • Listen
    • Use analytics to identify needs
    • Consult diverse student voices
  • Respond
    • Reflect what you hear in initiatives
    • Hire students to develop & deliver

• Building Alliances?
  • Start at the top of the services delivery chain
  • Open dialogue with services providers
  • Have a program-wide conversation

• Mentorship?
  • Timing is everything
  • Launched a Peer Mentorship Program in partnership with The Reflect Organization

YOUR PASSION. YOUR FUTURE.
Questions?

• Please submit your question in the Chat.

• We are also happy to answer questions by email after the webinar. Please email Enyu Zhou at ezhou@cgs.nche.edu.
Roundtable Discussion
Next Steps

• Consider signing on to the principles today. Contact Enyu Zhou for more information at ezhou@cgs.nche.edu

• April 29, 1:00-2:00 p.m.

Please join us for a webinar to announce the outcomes and findings of CGS and JED’s project, *Supporting Graduate Student Mental Health and Wellbeing*. 
Plan to Join our Communications Campaign
